Product Description

SnowEx Mid-Duty UTV Straight Blade Plow

Clear snow the easy way with a SnowEx® UTV Mid-Duty Straight Blade snow plow. This is the ultimate tool for turning your mid-size UTV into a snow-clearing machine. Choose between full hydraulic or winch lift and angle options, as well as a 5'6" blade width for sidewalks or a 6'0" blade width for driveways. A lightweight design maximizes high-strength materials to provide the power, speed, and efficiency you need to get the job done right.

- Blade Width: 5'6" & 6'
- Fits: Mid-Sized, Crossover & Sport UTVs
- Moldboard: High-Strength Steel
