Product Description

SnowEx V-Pro UTV 32200 Poly Spreader - 32200

The V-Pro™ UTV 32200 spreader is specifically designed to accommodate the bed lengths and weight restrictions of most UTVs. Shorter and lighter than standard truck spreaders, this spreader lets you easily address applications where only a UTV can typically go, such as sidewalks, bike paths and driveways.

- Capacity: 11.0 cu ft
 - Materials: Salt, Fine Materials* & Liquid Brine*
 - Delivery System: Auger
-
